Wedding Ceremony Music

It's the moment you've been waiting for – you and your bridal party making a grand entrance and walking down the aisle.   But what will you choose for your wedding ceremony music?

Music has the power to set a mood, evoke emotion, and give a moment in your day a soundtrack to last a lifetime.   Are you a traditional Wagner's "Here Comes the Bride" and Pachelbel's "Canon in D" type of couple?   Or are you more contemporary, looking for a song that captures your spirit. **Maverick** has a wide selection of popular classic and contemporary wedding ceremony music for you to choose from.   Many of the songs can be used for processionals and recessionals, and/or serve as prelude music (when your guests are finding seats and waiting for the ceremony to begin) or postlude music (when your guests are exiting, and/or waiting in the receiving line). **Maverick** will sit down with you and plan your dream wedding ceremony and help you with selecting songs and aiding with the timing of your ceremony entertainment.

Many couples choose to have live musicians and soloists perform some of the music for their ceremony, **Maverick** can help with this as well. Professional sound systems with wireless microphones will make your performers and music sound crystal clear to all your guests. **Maverick** will also provide wireless microphones for you or your clergy/officiant so those most important words, sometimes whispered with a lump in the throat, will be shared with all in attendance.

Maverick's skilled technicians will deliver/setup and operate your wedding ceremony music/sound system in an unobtrusive manner with appropriate volume levels.

Give **Maverick** a call today to learn how we can make your wedding ceremony a sound success.
