only a wedding film can bring all of the sights, sounds and emotions of the day back to life - forever

Whatever you thought about wedding videos, think again! At Maverick there are no boundaries-things have changed, including our style and our business.

Maverick offers a new genre of wedding films that will surprise you with its high level of artistry, creativity and emotion.

At Maverick we are passionate about our work. We are honoured to document weddings, the single most important day of our clients' lives. To produce our high-quality personal wedding films we collaborate with our clients and find out what is important to them to ensure the final result will be a perfect reflection of the day. With over 20 years of experience we have an instinctive focus on the moments that matter most to a bride and groom.

Maverick films in High Definition, and can deliver stunning video that is rich with the details, spontaneous emotions, and events that made the day special. Couples can experience a wedding film that reflects their special day without having to worry about "performing" for the camera. It's your day and we will create memories with you in an artistic and unobtrusive fashion.

It's why we spend time with each bride and groom, discovering who you are, what excites you and how to create a movie that will capture the magical moments that you will delight in re-living time and time again.

Your wedding day isn't a day at all. It's the culmination of months of planning, celebrating and observing family traditions. Maverick Entertainment reaches to the heart of your wedding experiences, illuminating the once in a lifetime moments that matter most to you.

Let's chat about your wedding, your vision and how we can make it come true.
